FOCUS

Automotive Visualization / Architectural Visualization / Interactive 3D / Real-Time Experiences

PROFILE

Date of birth/ 23.03.2001
Nationality/ Uzbek
Sex/ Male

3D & Real-Time Visualization Artist creating automotive and architectural experiences with Blender and Unreal Engine 5. Skilled in modeling, materials, texturing, lighting, animation, rendering and interactive real-time workflows.

EXPERIENCE

>> Mar 2024 - Present
3D & Real-Time Visualization Artist >> M.A. Visuals · Self-Employed
Create automotive and architectural visualization experiences in Blender and Unreal Engine 5. Build complete workflows from modeling, UVs and materials through lighting, animation, rendering and UE5 implementation with Lumen, Nanite, UI and Blueprint interactions. Projects include an automotive configurator, interactive villa ArchViz and Belcanto's real-time restaurant experience with Pixel Streaming.

>> Apr 2024 - Present
Graphic Designer & Guest Relations >> Belcanto Restaurant Dubai
Design menus, event materials, digital displays, print and social assets for a luxury hospitality brand. Produce photo, video and animation content. Independently developed Belcanto's interactive 3D visualization from scratch in Blender and Unreal Engine 5, including real-time navigation, UI and browser access via Pixel Streaming.

>> Oct 2021 - Mar 2024
Head Waiter >> Belcanto Restaurant Dubai
Progressed from Waiter to Head Waiter at Dubai Opera. Coordinated guest relations, reservations and floor operations, supported team training and developed strong communication, leadership, customer experience and problem-solving skills.

EDUCATION

Sep 2021 - May 2022
Tashkent academy of art >> Branding and Identity
At the Tashkent Academy of Art, I studied advanced digital and print design, focusing on typography, branding, and visual storytelling. This training equipped me with artistic vision and technical skills to create impactful, aesthetically pleasing designs that effectively communicate and engage audiences.

Sep 2017 - May 2020
High school of art and design >> Graphic Design
Studied Graphic Design with a focus on digital design, typography, branding, and layout. I create visually compelling content, blending creativity and technical skills to deliver impactful visual solutions.
